Dear Ms. Carter:

On November 9, 2007 a representative of the United States Environmental Protection Agency (U.S. EPA) inspected 3M Precision Optics, Inc. (3M Precision Optics) located in Cincinnati, Ohio. In response to violations of the Ohio Administrative Code (OAC) identified during the inspection, the U.S. EPA issued a Notice of Violation to you on March 5, 2008. Subsequent to the U.S. EPA's Notice of Violation, you submitted information regarding the identified violations in correspondence dated March 25, 2008.

This letter is to inform you that U.S. EPA has reviewed the referenced responses, and does not plan additional enforcement action at this time. This letter does not limit the applicability of the requirements evaluated, or of other federal or state statutes or regulations. U.S. EPA and the Ohio Environmental Protection Agency will continue to evaluate 3M Precision Optics in the future.

If you have any questions or concerns regarding this matter, please contact Derrick Samaranski, of my staff, at (312) 886-7812.

Sincerely yours,

  
Willie H. Harris, P.E.
